

About the Programme

- CSIR-Central Food Technological Research Institute (CFTRI), Mysore is a constituent laboratory of Council of Scientific and Industrial Research (CSIR), Government of India dedicated to Research and Development in the field of Food Science and Technology.
- The Food Protectants and Infestation Control (FPIC) Department of CSIR-CFTRI is actively engaged in research and services related to post harvest food storage and insect pest control.
- The FPIC department at CSIR-CFTRI is organizing a Twinning Programme with North Eastern Region (NER) institutes under the scheme of DBT-Foldscope project. This NER Twinning Programme focuses on foldscope demonstration, lectures and scientific interactions in the theme of foldscope and research applications.

Resource Persons

- Foldscope coordinators from NER institutes will be delivering lectures and sharing their foldscope experiences.

Targeted Participants

- Young research professionals and students from CSIR-CFTRI, colleges and other academic institutes.

Registration for Participation

- Registration is free for this programme. Number of participants is restricted to 60 and it will be based on first come first serve basis. Interested candidates should [apply through online on or before 12/02/2019](#).
