

# **DOSA MAKING MACHINE**

## ***INTRODUCTION***

Dosa Machine is a patented design from CFTRI. This is the first of its kind and it lends itself for continuous production of ready-to-eat/serve Dosas, untouched by hand.

## ***PROCESS***

All operations in the Dosa making - from batter dispersion, depositing and spreading on the hot plate to toasting/roasting and oil application are organized in a systematic way. At the end of the pre-determined residence time, the hot Dosas are rolled and discharged.

## ***SPECIAL FEATURES***

The device is backed with variable speed drive arrangement and an effective control for LPG to select time, temperature and output combinations. The machine can be used for preparation of Dosas of different kinds and sizes. It is most suitable for use in Industrial Canteens, Hotels, festivals, large gatherings, etc., where Dosas can be prepared on a large scale.

Electricity: 440 V AC

Space requirement: 3m×3m

Capacity: 400 Dosas per hour

Cost of the machine: Rs.1.2 Lakh (approx)

## ***PATENT RIGHTS***

The machine is covered by an Indian Patent and the right to utilize the patent would rest with the Licensee.

## ***SUPPLIERS OF THE MACHINE***

The following firms have taken our design and are manufacturing the machine as per our specifications. For requirement of the Dosa Machine they may be contacted.

- **Durai Engineering Products**

1143, Mettupalayam Road, Coimbatore – 641 043, Tamilnadu

Ph: 0422-2444453, 6584400, Res:0422-6529332, Mobile: 09944888800, 09363104000
